

IFTTA

THE INTERNATIONAL FORUM OF TRAVEL AND TOURISM ADVOCATES

IFTTA's Annual Conferences are critically important to the organisation. After that, regional meetings are established at regional branches. Although IFTTA encourages regional branches to keep their activities, it is the IFTTA Annual Conference that tips the scales your way. Therefore, every IFTTA meeting (regional or not) is a plus, but it is the annual conference that IFTTA shares with you a well deserved sense of accomplishment at having reached such an important milestone worldwide along the years of activities. See below the list of Conferences since 1983 up to date.
